

REMARKS

The last Office Action has been carefully considered.

It is noted that the drawings are objected to since the electric motor of claim 24 and the carrier 5 composed of sheet metal of claim 16 are not illustrated in the Examiner's opinion, and also the drawings do not include reference numeral 31.

The disclosure was objected to, since the specification contained the references to claim numbers.

Also, claim 18 was rejected.

At the same time the Examiner indicated that claims 14, 16, 24 and 27 are allowed, and claim 18 would be allowable.

In connection with the Examiner's objection to the drawings, applicants has cancelled claim 24 and therefore it is believed that the electric motor should no longer be shown. A copy of Figure 1 has been submitted which shows sheet metal laminates identified with reference numerals 31.

The specification has been amended to make reference to the laminates 31. It is believed that the grounds for the Examiner's objection to the drawings related to the illustration of the carrier 5 and objection to the specification are no longer tenable and these objections will be withdrawn.

The disclosure has been amended to eliminate the references to claim numbers.

Claim 18 has been amended to define the center line.

It is therefore believed that all other grounds for the Examiner's formal objections and rejection are therefore eliminated and the present application should be considered as being in allowable condition.

Reconsideration and allowance of the present application is most respectfully requested.

Should the Examiner require or consider it advisable that the specification, claims and/or drawings be further amended or corrected in formal respects in order to place this case in condition for final allowance, then it is respectfully requested that such amendments or corrections be

carried out by Examiner's Amendment, and the case be passed to issue. Alternatively, should the Examiner feel that a personal discussion might be helpful in advancing this case to allowance, he is invited to telephone the undersigned (at 631-549-4700).

Respectfully submitted,

Michael J. Striker
Attorney for Applicants
